Following a recent survey and validation of our stock, we have updated some of our property types and apartment sizes

We operate a common housing register incorporating choice based lettings with Eildon Housing Association called Borders Choice Homes. We receive joint Section 5 referrals and share these equally between partners. We also subscribe to Homeswapper allowing our tenants to search for Mutual Exchange.

Comments (Overall satisfaction)

Please use the comment field below to tell the regulator about any exceptional circumstances regards the figures supplied in the "Overall satisfaction" section.

In relation to overall satisfaction, a number of tenants responded negatively as they want attributes replaced within their home albeit these are not due for planned maintenance at this time.

There was also a number of comments referring to dog faeces in communal areas; parking and bin/rubbish collection relevant to the Local Authority. As a result these have affected the overall satisfaction for BHA despite not being the responsibility of the Association. BHA is reviewing how we ensure this isn't replicated in future satisfaction surveys.

Comments (The customer / landlord relationship)

The comments regarding this indicator highlighted that albeit the satisfaction had gone down, there was a concensus from those that had responded that tenants did not want to participate. Those that highlighted their dissatisfaction and showed an interest in taking part more actively are being approached by our Tenant Volunteers.

Tenants Ethnicity: These figures include all tenants for example where there are joint tenants of one property they will both be included.

Scottish Housing Quality Standard (SHQS) – Stock condition survey information (Indicator C24)

Please state:

C24.1 The date your organisation's stock was last surveyed or assessed for compliance with the SHQS

C24.2 What percentage of stock did your organisation fully assess for compliance in the last four years?

C24.3 The date of your next scheduled stock condition survey or assessment

C24.4 What percentage of your organisation's stock will be fully assessed in the next survey

C24.5 How did your organisation use the survey data stated at C24.2 to establish how the stock complied overall with the SHQS

Information from the previous stock condition surveys was used to create works programmes and provide costings for our compliance with SHQS. It also allowed us to engage with the sector to try and secure funding for any works identified.

BHA have recently recruited a part time Technical Officer who will undertake stock condition surveys in house. We will use the information to update our LCC and plan future works ensuring we continue to meet SHQS and work towards compliance with EESSH. By employing an officer to carry out this work we hope to see an increase in consistency and quality of survey information.

C26.6 If any properties are failing SHQS at the end of the reporting year, or are projected to fail for the next reporting year, then explain what actions your organisation is taking or planning to take to address these.	BHA recently identified that one property which was previously classed as an abeyance due to the tenant refusing to allow us access to carry out any works required an upgrade to the consumer board. This work was completed w/c 3rd April 2017.	

Scottish Housing Quality Standard (SHQS) – Working towards the standard (Indicator C27)

Please state:

C27.1 How many properties did your organisation plan to bring fully up to the SHQS during the reporting year?

C27.2 How many properties did your organisation fully bring up to the SHQS during the reporting year 24

C27.3 If C27.1 and C27.2 are not the same, please provide an explanation for the difference

6 tenants refused new heating systems, from solid fuel open fires to air source heat pumps, we continue to liaise with these tenants should there circumstances change and allow us access to do the works in the future.

C27.4 How many properties does your organisation plan to bring fully up to the SHQS during the next reporting year

C27.5 The number of properties at C27.4 should equal the difference between the projected pass rates for the end of the reporting year and the end of the next reporting year (as reported at C25.5). If it does not, please explain the difference

BHA hopes that improvements in tenant engagement and access to funding will allow us to install fuel efficient heating systems to our of grid properties and enable us to meet SHQS and EESSH. These properties are currently reported as exemptions.

Scottish Housing Quality Standard (SHQS) (Indicator C28.1)

Please state:

C28.1.1 The number of self-contained properties with exemptions at the year end

281

C28.1.2 The range of elements not met

C Energy Efficiency: 31 Cavity wall insulation, C Energy Efficiency: 34b Efficient central heating, C Energy Efficiency: 35 An energy efficiency rating of NHER 5 or SAP 2001 of 50 (oil, LPG, electric, solid fuel and biomass systems) or 60 (oil, LPG, electric, solid fuel and biomass systems), D Modern Facilities and Services: 39 Kitchen Facilities: adequate electrical sockets, D Modern Facilities and Services: 40 Kitchen Facilities: adequate food storage space

C28.1.3 The reason(s) the elements are not met

(b) Work cannot physically be done at any cost, or doing the work would cause unacceptable problems in the building,(c) Work could be done but the costs would be disproportionate

C28.1.4 What action is your organisation taking or planning to take to address these exemptions

BHA are currently trialling new products in the energy market to determine there suitability and efficiency, once we are satisfied of these results we will look to secure funding and install on a larger scale. We are also actively working with our customers to ensure they are convinced that our proposals will be of a benefit to them. We continue to work with Energy Action Scotland and others to ensure efficient systems not recognised by SAP software are a majot benefit to customers in helping reduce fuel poverty.

For stock requiring exemptions for Modern Facilities and Services this is due to the fact the kitchens in certain stock are so small that we cant psychically install the minimum amount of units or sockets.
